Summary

Add pets/animals to the definition of Property

Definitions

The Stormwind Law - The current law book written by the Ministry of Justice for application of criminal justice in the Kingdom of Stormwind.

Revisions

Change the definition of Property under Chapter 2 which currently reads;

- "An object or plot of land that is owned by another legal person."

To read the following;

- "An object, pet/animal or plot of land that is owned by another legal person."

This is to ensure that pets or animals that belong to another person are counted as their property so a person can be charged by the law if they hurt them.
