Revisions

Chapter 5, Section 3, §3 - Misuse of Restricted Magic is adjusted to include the following Additional Information;

- *Medical Emergency: Restricted magic may be used for the purpose of emergency healing, and healing those not healable by other healing magics.*
- *Escape Measure: Restricted magic may be used to teleport when a person needs to escape from a perceived threat.*

This adjustment has been made on the basis that some races and species may not be able to be mended in regular manners, or by other kinds of magic. It is also made to make sure that people can escape a conflict or situation if there's a perceived threat on their life without being punished for it for the kind of magic they use. This only counts when the magic is used to avoid conflict however.
